Capacity	Commercial
Boiling Cups per hour	100
Combined Chilled and Sparkling Cups per hour	75

Tap	Zip HydroTap CLASSIC Tap (Chrome)
Water Pressure	Min 250kPa - Max 700kPa
Water Connection	1/2" BSP (G1/2)
Water Supply Requirements	Cold
Water Valves	Integrated 500kPa Pressure limiting valve and Dual Check Valve
Power Rating	1.96kW 220-240V 50Hz
Power Supply	1 x 10 Amp socket outlet
Dimensions	W339mm x D460mm x H333mm
Product Approvals	WaterMark, RCM, ARC
Warranty	5 years (appliance warranty 36 months plus additional 24 months tank warranty)

Installation Requirements

1. Installation and connection of your Zip HydroTap must be carried out by a qualified person, observing national and local regulations. 2. You will require suitable mains electrical and drinking water connections, plus waste water drainage all within 1.5 metres of the product. 3. HydroTap is air-cooled so discrete cabinetry cut-outs are required for ventilation. 4. Installation on most bench tops is straightforward however some stone bench tops may require a specialised cutting service. 5. If you live in a hard water area, we recommend installation of a Zip scale filtration kit. 6. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.com
