

Uniflow® MXT-Series Mixer Tap Filter System

The Uniflow MXT-Series transforms your existing mixer tap into an advanced filtered water system.

Uniflow MXT-Series multistage filtration systems reduce contaminants in our water supplies including sediment, chlorine, herbicides, pesticides, taste & odours and chlorine resistant cysts such as Cryptosporidium and Giardia.

With many world-class features including Granular Carbon Block Technology, Quick-Change connection for simple filter replacement and dual O-ring sanitary connection, we are sure you will be impressed by your new investment.

Uniflow filter systems are warranted against defects and workmanship for a period of 5 years from date of installation.

Available in two models to suit main water or rainwater supplies:

MXT-Pro Advanced multistage filtration for mains water.

MXT-Pro^{HD} High Sediment loading, bacteriostatic and scale reduction properties for rainwater or older homes.

Features & Benefits

- Safe, freshly filtered, great tasting water from your existing mixer tap
- Advanced adsorption of chlorine, chemicals, tastes and odour
- No extra filter tap on the sink
- Protects from cysts such as Cryptosporidium and Giardia
- Compact, space saving design - Mounts vertically or horizontally
- NSF Standard 43 Certified - World class accreditation
- Mains water and rainwater models
- Easy plumbing or DIY installation
- Installation kit included

Specifications

Micron Rating:	1 Micron
Flow Rate:	0 - 8 litres per minute
Capacity:	38,000 Litres
Temperature:	1 - 38°C
Pressure:	150 - 860 kPa
Connection:	½" BSP / 15mm
Installation Space:	mm
Vertical Mount	450 x 220 x 100 (H x W x D)
Horizontal Mount	220 x 450 x 100 (H x W x D)
Mains Water Model	MXT-Pro
Mains Water Cartridge	FQH-1240-1B
Rainwater Model	MXT-ProHD
Rainwater Cartridge	FQH-1240-HD

Order Code	Description
FQH-Pro	MXT-Pro Mains Water Filter System includes: Filter Head & Bracket Kit, NR Valve, Flexible Braided Hose (Mixer Tap not included)
FQH-ProHD	MXT-Pro^{HD} Rainwater Filter System includes: Filter Head & Bracket Kit, Cartridge, NR Valve, Flexible Braided Hose (Mixer Tap not included)
