**GENERAL INFO**

**DOMESTIC WATER SOFTENERS**

The Softrol™ SOL-E1 Automatic Timer water softening systems requires less maintenance than the semi-auto systems. After the initial installation simply set the times and dates requiring backwash and the unit regenerates automatically.

**SYSTEM SPECIFICATIONS AND PERFORMANCE DATA**

**FEATURES & BENEFITS**

	SOL30-E1	SOL40-E1
Available Models	SOL30-E1	SOL40-E1
Size of Residence	Small to Medium	Medium to Large
Service Flow Rate	30 lpm	40 lpm
Maximum Flow Rate	80 lpm	80 lpm
Min/Max Pressure	138 - 825 kPa	
Capacity	12,000 litres <sup>^</sup>	18,000 litres <sup>^</sup>
Connection	25 mm M [1" M]	
Drain	15mm M	
Power Required	240V	

- Regenerates automatically
- 1-99 day timer controller
- 10 selectable programmed cycles
- 12 volt transformer
- Reliable, durable and simple
- WaterMark Certified (License No. WM 74953)
- 3 Year Platinum Protection

<sup>^</sup>Based on a hardness of 130ppm

**WHOLEHOUSE PROTECTION**

These systems provide peace-of-mind water softening throughout the house. You'll notice benefits all through the house. Soap and shampoo's will lather better, your skin will not be as dry, and soap scum will be reduced. Clothes are softer and hot water appliances will last many more years.

**EASY TO MAINTAIN, SET AND FORGET**

The Puretec SOL-E1 Series systems uses an E1-Matic™ valve that backwashes automatically on a preset time. After the initial installation, simply set the times and dates requiring backwash and the unit automatically regenerates. Power usage is extremely low, similar to that of a garden watering system.

**HOW IT WORKS**

1. Untreated water passes through water softening resin.
2. Resin softens water by reducing ions such as calcium and magnesium.
3. Soft water enters your home, providing cleaner laundry, softer skin, easier cleaning, as well as soap, energy, and appliance savings.
4. The system uses a salt (brine) solution to clean and recharge the resin, while releasing hardness down the drain.

**NEW FEATURES**

**Sliding water proof cover**

Ergonomic cover for easy maintenance with the new sliding cover.

**Easy access controller**

Easy access to the controller for programming and maintenance.

**Salt Chute**

Effortless salt refilling
